

AMENDMENTS TO THE SPECIFICATION

Please replace the first paragraph on page 1, beginning at line 9 of the specification, with the following amended paragraph:

The present invention concerns a coolant pump ~~in accordance with the preamble of claim 1, as well as a method therefore in accordance with the preamble of claim 22~~ for a coolant circuit of an automotive internal combustion engine and a method for conveying coolant thereto.

Please replace the last paragraph of page 3, beginning at line 34, with the following amended paragraph:

This object is attained in terms of device technology through a coolant circuit of an automotive internal combustion engine and a method for conveying coolant thereto ~~the features of claim 1, and in terms of process technology through the features of claim 22.~~

Please delete the first full paragraph of page 13, beginning at line 5, which starts with “In terms of process technology”

Please replace the 3rd paragraph of page 16, beginning at line 10 with the following amended paragraph which adds the heading –Brief Description of the Drawings--:

Brief Description of the Drawings

The above described invention shall in the following be explained in more detail through embodiments by referring to the figures of the drawing, wherein:

Please replace the 4th paragraph of page 17, beginning at line 12 with the following amended paragraph which adds the heading – Detailed Description of the Drawings --:

Fig. 11 is an external, three-dimensional view of this coolant variant.

Detailed Description of the Drawings
